Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

Sir:

This application became abandoned on January 4, 2007 because of Applicant's alleged failure to timely file a proper reply to the Office letter mailed July 25, 2005. A review of the PAIR system, the PTO's file wrapper and Applicant's files indicates that there is no letter. A copy of the docket record, where the Office Communication would have been entered, is attached for your review.

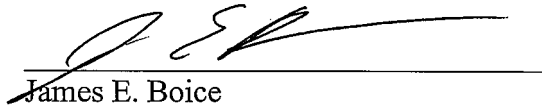

As such, the entire delay in filing the required reply from the due date of the reply until the filing of this petition was unavoidable (37 CFR § 1.137(a)).

Applicant respectfully requests a favorable decision on this petition and continued prosecution of the above-referenced patent application to its issuance.

Because this application was filed after June 8, 1995, no terminal disclaimer is required.

As there is no fault on the part of the Applicant and/or his undersigned representative, no fee is believed to be necessary for this Petition. However, in the event that such a fee is required, the Commissioner is hereby authorized to charge a \$500.00 Petition Fee under 37 CFR § 1.17(l) to **Dillon & Yudell's Deposit Account No. 50-3083**. No additional fees are deemed required; however, should an additional fee be required to revive this application, please charge that or any other fees to **IBM Corporation's Deposit Account 09-0447**.

Respectfully submitted,

James E. Boice
